Skills Development Supervisor Plan

Describe what actions you plan to take in preparation for licensure.

During this year, in addition to working with my supervisor, I plan to take the following courses, workshops, or read these books to help prepare me for licensure:

Utilizing this information, select skills or linguistic features to focus on. For each skill area, write a goal statement, strategy or strategies, identify the resources needed, and a timeframe for implementation and review of goal.

Goal I

Goal statement: Remember to be specific when stating your goal.

Strategy for improvement: Remember a good strategy statement should be specific, measurable and attainable.

Timeframe for implementation of the strategy, review, and reevaluate:

Resources: Include any equipment you will need to have available.

Verification: (e.g. Journal; Mentor; Workshop; Video; etc.)

Goal II

Goal statement: Remember to be specific when stating your goal.

Strategy for improvement: Remember a good strategy statement should be specific, measurable and attainable.

Timeframe for implementation of the strategy, review, and reevaluate:

Resources: Include any equipment you will need to have available.

Verification: (e.g. Journal; Mentor; Workshop; Video; etc.)

Goal III

Goal statement: Remember to be specific when stating your goal.

Strategy for improvement: Remember a good strategy statement should be specific, measurable and attainable.

Timeframe for implementation of the strategy, review, and reevaluate:

Resources: Include any equipment you will need to have available.

Verification: (e.g. Journal; Mentor; Workshop; Video; etc.)

Goal IV

Goal statement: Remember to be specific when stating your goal.

Strategy for improvement: Remember a good strategy statement should be specific, measurable and attainable.

Timeframe for implementation of the strategy, review, and reevaluate:

Resources: Include any equipment you will need to have available.

Verification: (e.g. Journal; Mentor; Workshop; Video; etc.)
